

# Mystery Quilt 2016-2017 – Beginner’s Skill Level

---

## Clue 4

Clue 4, Unit B: Make 20

### \*Clue 4

1. Gather the remaining 20 Four-Patch units and the twenty 6 ½" x 6 ½" coordinate squares.
2. Sew these together as shown.

Again, pay close attention, making sure to position the small coordinate square in the Four-Patch unit against the lower-left corner of the large coordinate square. Press the seam allowances toward the coordinate squares. This is **unit B**.
